SEXUAL ASSAULT AND VIOLENCE EDUCATION PEER GROUP

STATEMENT OF STANDARDS

Protocol

The Sexual Assault and Violence Education (SAVE) Peer Group started at UC Riverside during fall 2012-13, so trained peers could educate student communities on how to recognize, understand, and reduce the risk of sexual violence/assault. As part of their training, peers must be familiar with the UC Policy and Procedures for Responding to Reports of Sexual Harassment and the UCR Procedure for Responding to Reported Incidents of Sexual Assault and Rape Involving Students, Faculty and Staff at http://titleix.ucr.edu/assault/assault.html.

Commitment

As a SAVE peer, I am committed to the following:

• Promoting a safe, student-centered environment in which individuals can have healthy interactions, gain confidence, and maintain control over their lives;
• Teaching students the skill sets to reduce the risk of sexual violence
• Abiding by the regulations/requirements of SAVE

I am aware that my role is not to provide counseling, crisis intervention, or safety, support or investigative services. I shall only augment the efforts of existing campus representatives, offices, and organizations by helping to reduce sexual violence through education. In signing below, I attest that I comprehend, agree to, and will comply with the tenets herein.
